

Welcome to Year 13 Geography

Welcome to Year 13- Stage 2 (or so) of your A levels.

The start of this year is dominated by your coursework write up- 20% of your A2 grade.

We will then focus on the remaining modules of the course- Carbon Cycles, Global Governance and the obligatory revision sessions.

Keep up to date with Twitter for current affairs and news on the course and keep focused as there is a lot to cover!

Good Luck.
