

Socio-cultural issues in physical activity and sport Roadmap

Curriculum Intention		Studying A Level PE will equip you with both a depth and breadth of knowledge, understanding and skills relating to; scientific, socio-cultural and practical aspects of physical education. On this course, you will develop theoretical knowledge and understanding of the factors that underpin physical activity in sport and use this knowledge to improve performance. As part of the course, you will also understand how physical activity contributes to health and fitness. Our aim is that you will improve as effective and independent learners and become critical and reflective thinkers with curious and enquiring minds.
Aims and Objectives for Socio-cultural factors affecting performance		<ul style="list-style-type: none"> • Understand the key socio-cultural factors that influence people’s involvement in physical activity and sport • Understand the role of technology in physical activity and sport
