

## **Revision Guides and suggestions from Departments**

### **Maths**

We offer for sale both Foundation and Higher Revision Guide Packs. Both are the highly popular CGP sets. These currently cost £9.65 and can be ordered through ParentPay.

Students receive:

- The revision guide
- The workbook
- The exam practice workbook
- The answer booklet

Lots of students choose to purchase these and they seem to be very helpful.

### **Geography**

We have a huge amount of revision material available, for free, on Brightspace. We are also selling the CGP revision guides. They are available through parent pay

### **Music**

This is the textbook that I use in class. It is the most useful book if they wish to have a copy at home as well. We do not have this available through parent pay.

### **Science**

All yY11 have science revision guides which were issued at the start of Y9. We do plan to offer flash cards and question papers to purchase at Christmas once the Triple Science students are finalised.

### **RE & Sociology**

The suggestion from RE and Sociology is that following two books may be of interest to students. These are not offered through school.

My Revision Notes OCR GCSE (9-1) Religious Studies

### **History**

In History, we give students a content revision guide for each of the four modules in the final GCSE exams. We also give them two exam technique revision guides (one for each paper) with advice on structure and sample answers. These revision guides are made by us.

To my knowledge, there is no specific revision guide made by any private company that matches the exact modules that we study. They all contain units we don't study.

### **Sports Studies**

We sell a revision guide through Mark and parent pay for them to purchase at a cut price, if not, any OCR specific revision guide will be fine.

### **MFL**

The best revision guides for MFL are the CGP Complete revision and practise books Grade 9-1.

The price includes a CD and online access to sound files.
