

Subject Aim: In Y11 you will explore **The Wider World** from an international and global perspective. We will encourage you to become **resilient** to challenges and **promote** a lifelong **commitment** to language learning.

Key themes this year are holiday experiences, education and future careers and global and international issues such as the environment, poverty, homelessness and campaigning. This will afford you a **wider perspective** of the world we live in, enabling you to become more a more **analytical, reflective** learner.

Autumn Term	Unit 7 – Travel and tourism 	Assessment
	Describing holidays and activities in the past, present and future as well as giving information about places of interest. You will deepen your knowledge of the tenses and how to manipulate them to give more detail.	
Spring Term	Unit 8 – Media and technology 	
	Discussing social media, television and the future of technology. You will work on comparing things and giving positive and negative opinions.	
Summer Term	Unit 9 – Environment and where people live 	Homework and Revision
	You will learn how to talk about environmental issues, how we could save the planet as well as the places people live. You will describe towns and what you can do there.	
	Mocks	
Listening		Enrichment themes
Reading		
Writing		

You will have 3 Key Assessments in class this year and a mock in February / March.

Assessments will test a variety of skills and they will be different for each assessment. The mock will test you on all four skills.

Revision will be on Classcharts and in lessons.

Homework will be set on Classcharts and will consist of:

- Vocab learning – on Carousel
- Home and Workbook – will be sent home with you, this will be assigned at the start of the unit and due at the end before the assessment.
- Mini checkpoints for revision – on Kerboodle
- Speaking questions – set at the end of each theme

Reminders of assessments are published on Classcharts and each assessment will revisit all the previous content of the course. This means you need to revise the recent topics but also revisit the old ones. Once the course is completed, we will start to revise in lessons.

German, Austrian and Swiss places of interest and popular holiday destinations
 Books in the German language
 German-language television shows and films
 Swiss development of AI technology
 The 'Pfand' system and other environmentally-friendly initiatives in the German-speaking world
 Describing German, Austrian and Swiss towns and cities
