The West Bridgford School

Mr T Peacock B.Sc (Hons)
Headteacher

June 2026

Dear Parent/Carer

YEAR 7 - CONTRIBUTIONS/HEALTH AND SAFETY

I would like to take this opportunity to welcome you to The Creative Design Department of The West Bridgford School, and briefly describe the type of work your child will be undertaking in their design lessons in Years 7, 8 and 9.

Each student will be involved in the designing and making of various products using electronic components, textiles, food, wood, metal and plastics. I hope your child enjoys the many challenges the subject offers and has a successful time.

The materials and components will be provided by the school, though if you wish the work to come home, a small contribution charge will be made to help offset some of the costs.

The products which students produce in the first three years include: a draw string bag, a customised cushion, a memento box, mood lamp, music amplifier, an electronic die and board game.

Please could you make a voluntary one-off contribution of £27.00, which will cover the cost of all projects in KS3, except for food ingredients, which need to be provided for food practical's as necessary. Payment in this way will allow us to buy materials in bulk, at a more economical price, as well as making the collection and administration of money more straightforward. However, products may be paid for on an individual basis, but this is likely to be more expensive in the long term.

Please pay online, using ParentPay, following the steps below.

- Go onto your child's account on ParentPay select Fees and contributions, Year 7 Design & Technology Contribution 2026.
- Make the £27.00 payment online.

If you have yet to register for Parent Pay please email Parentpay@wbs.school you will then be forwarded registration details. This will allow all your future payments to be made through the online system.

I would also like to take this opportunity to point out that for the department to meet Health and Safety regulations when students are involved in practical activities they must wear protective clothing when necessary. Therefore, can we stress the need for your child to bring a clean **apron** and tea towel when involved in food activities, as without them they may not be able to take part in the practical session. When working in Product Design or Art, however, an apron will be provided for each student.

If you have any queries regarding the contents of this letter, please do not hesitate to contact me at school and I look forward to welcoming you and your child to the West Bridgford School.

Yours sincerely,

Mr Cookson
Deputy Head of Creative Design
