Purchasing items from our supplier is highly recommended as we have a strict uniform code.

We work with our uniform supplier in conjunction with the 2025 Department for Education guidance for cost of school uniforms, to ensure that we maintain the rules around appearance, cost efficiency, and value for money.

The school reserves the right to take disciplinary action against any child whose uniform does not comply with these requirements. For persistent offenders this could result in the child forfeiting their place in the school. The judgement of the Year Director will be final in these matters.

The following table provides information about uniform for students at The West Bridgford School. It is highly recommended that your child's name is written in each item of school uniform in case it is lost.
